The Reverend Leonard Young

Leonard first became involved in Spiritualism at the age of thirteen and worked within the Spiritualist church in a variety of ways. At the age of nineteen, he entered monastic life to see if this was part of his spiritual journey. It was not. After returning home, he began his journey back into Spiritualism. He met the world-renowned Lecturer, Speaker and Demonstrator (Medium) Ron J Baker in the 1970s, who taught him much of what he needed to know during those early years. When Ron passed away, Gordon Higginson took him under his wing and continued to support and help him. He has since worked at the Arthur Findlay College, Stansted Hall, for just over 20 years as a Tutor, and Course organiser, until he stepped down in 2002. He was also the former Vice-President of the Spiritualist National Union.

Jason Dean Rothwell

Jason's family has been involved in Spiritualism for generations, and he was first introduced to the notion of spirit prior to his teens, although it wasn't until a little later that he was actually allowed to attend service with his grandmother. He has been an "active servant" to the spirit for approximately 7 years, having served on the rostrum up and down the United Kingdom physically as well as virtually. He has also attended and taken service on zoom in Boston (USA) and Kissimmee in Florida. As a graduate of history, Jason is also a campaigner for social justice, a leftish leaning political thinker and a great lover of philosophical debate.
