**BIO:** Doing energy work is something I have done since I can remember. I have been on this journey my entire life. It has taken me a little bit to finally get here but, I'm very happy that I have. I am a Reiki Master as well as being certified as a Basic IET (Integrated Energy Therapy) practitioner. I blend what I have learned with healing modalities and what I have been doing naturally to me since I was young. I call what I do "Purification Healing®" because I see fire energy of different colors that helps to "burn away" or "transmute" that may no longer serve you. I wish you well on your path and I hope that our paths cross so I may have the opportunity to see who you are and maybe help bring that person out within you.
